Winding Hill Road resident Mike Obert spoke about his recent communications with the Board of Selectmen and commercial vehicle units being in town. He also discussed his continued concerns related to the process and installation of the speed table on Upper Main Street. Mr. Obert maintains that a small number of individuals campaigned to have the speed table installed, while a large number of residents signed a petition to have the speed table removed. Mr. Obert states that DMO Landscaping is willing to incur all costs associated with removing the speed table. He asks that the Selectmen again consider removing the speed table, as the location is not appropriate for such a traffic calming device and it was installed against the recommendation of the road engineer, road commissioner, and road committee.
