

**Town Manager's Report
January 2, 2019**

We were able to close out our SafetyWorks! inspection follow-ups last week. With a total of over 140 areas for improvement, we were able to come into compliance with all directives. We will now work towards applying for the SHAPE Award, which will help to reduce our workers' compensation rates.

The automatic foreclosure date for 2016 liened taxes is February 28, 2019. Certified notices will be mailed no sooner than January 14, and no later than January 29. Courtesy notices were mailed out last week in order to minimize the number of certified mailers that will need to be sent. Of the 44 accounts still owing on 2016, 8 have paid in full so far.

As of January 1, 2019, there were still 425 real estate accounts carrying balances for a total principal due of \$320,540, or approximately 10.8% outstanding
