**Town Manager's Report**  
**January 17, 2018**

The Sewer Commissioners met yesterday to review the progress being made on the facility upgrade and to get an update on operations/maintenance. Bill and Annaleis, from Olver Associates, provided a thorough update and initial plans. There was discussion about current problems at the plant and how they may be resolved. One concern is released to an approximate 130,000 gallons of stored septage at the plant that needs to be emptied from one of the digester tanks. We are working on getting prices for this and will take it back to the Commissioners before finalizing a plan.

Norridgewock's Boston Post Cane holder, Irene Damren, will turn 102 years old on Saturday. She will be joined by her family and residents at Harbor Hill in Belfast for cheesecake.

Automatic foreclosure date for real estate is February 2. We currently have 48 accounts subject to foreclosure. 3 of those accounts have been committed for payment by the State.
