Mentions from the Librarian

I am very excited to announce we are restarting our seed library. In case you are wondering what a seed library is, a seed library gives seeds to those who wish to plant them. We will focus on vegetables, fruit, and herb seeds; however, some flower seeds may be available. The hope is to receive seeds in return to continue our seed library at the end of growing season. This can be from collecting seeds from your various plants or purchasing additional seeds, so our seed library never runs out. More details will be coming soon, but we have already started to receive seed donations from seed companies. Be on the lookout when you can pick up free seeds!

Your opinion matters

Don't forget to check out the library's Facebook page. Along with pictures from events and library happenings, we are posting polls from time to time to find out what books you are interested in.

Online listing of books

Did you know? You can view the library's inventory from our website. Visit www.norridgewock.gov/library and click on the Norridgewock Public Library Online Catalog link.

Interlibrary Loan

Don't forget. If there is a particular book that we do not have, we can usually find it through the Maine Interlibrary Loan program. It's easy. Check-in and check-out will happen here in Norridgewock, and we will request the item from another library for you.

Cloud Library

Did you know you can also borrow books online to read on your phone or tablet? Download the **app** or visit **www.yourcloudlibrary.com** to browse the catalog. Create an account using your library card number and then click borrow to check out a book.
