***In an attachment...***

- Explain how all solid wastes will be stored/disposed.
- Describe the system that will be used to keep a log of all vehicles handled, proof of title or bill of sale, and the date upon which fluids, refrigerants, batteries, and mercury switches were removed, and date upon which vehicles were crushed.
- Describe in detail what fluids will be handled and how fluids will be handled and stored.
- Provide a complete sketch of the yard. Show footage of all sides and location in relationship to adjacent properties. Show distances (in feet) from edge of yard to center of roads. Fill in route number or local road name, name of nearest city/town in each direction, distance from nearest intersection, bridge, or other known reference point, and tax map/lot number.

The undersigned certifies that the above information is true and correct to the best of his/her knowledge and that he/she is the owner or agent of the property or that he/she has been duly authorized by the owner to make this application and to receive the permit under law.
